Nearly 5.3 million companies are connected to the Ariba Network, and more than $3.75 trillion in commerce flows through the Ariba Network annually. Why? Because everything needed to manage commerce — from sourcing and orders through invoice and payment — is there for them, along with experts to help optimize the program.

We help organizations find, engage and manage all types of flexible resources – including contingent workers, statement-of-work-based consultants, freelancers and more. SAP Fieldglass solutions connect customers with millions of external workers worldwide. More than 975,000 new external workers were added in Q3.

SAP Ariba and SAP Fieldglass are where the world comes to do business together. When you connect to Ariba Network, you connect to millions of suppliers across direct and indirect expense categories. We are also the long-standing leader in external workforce management and services procurement. We integrate the entire buying process across your organization. Our platform helps customers find, source, and strategically manage their multi-channel workforce.
